

VOLUNTEER!

FOR INSPIRATION & RECOGNITION OF SCIENCE & TECHNOLOGY

YOU can positively impact the lives of hundreds of children while encouraging them to learn about science, technology, engineering, math, and by volunteering for FIRST® competitive robotics.

Volunteer at an Event or Mentor a Team:

REFEREE

TASK: Watch robot games, call fouls
TIME: 2 Full days
TRAINING: Yes

JUDGE

TASK: Interview and evaluate teams
TIME: 2 Full day
TRAINING: Yes

ROBOT INSPECTOR

TASK: Inspect robots for rule violations
TIME: Partial day (Friday Evening) or full day
TRAINING: Yes

Field Resetting

TASK: Assist in resetting the field after each robot match
TIME: Full days preferable but can do partial days
TRAINING: on-site

Team Queuing

TASK: Get teams queued up for robot matches
TIME: Full days preferable but can do partial days
TRAINING: on-site

SUPPORT ROLES

- Setup / Teardown
- Pit Admin Support
- Practice Field Attendant
- Safety Glasses Attendants

MENTOR A TEAM

Help students achieve their goals and find a future in robotics, science, technology, engineering, and mathematical careers by mentoring a team.

SKILLS NEEDED:

Mechanical Design • Electrical Engineering • Business Planning • Team Building • Fundraising • Public Speaking • Computer Programming • Project Management • Creative Thinking

SIGN UP TODAY!

1. Visit www.firstinspires.org
2. Sign Up (*top right*) and Complete Profile
3. Click on Volunteer Registration
4. Choose "Event Volunteering"
5. Events: Apply for Program or Event
6. Teams: Submit information
7. Complete Online Certification if required
