

Mt. Olive Updated Event Schedule – 3/11/2022

Due to the inclement weather scheduled to be present on Saturday, March 12, 2022 during the Mt. Olive District Event, *FIRST* Mid-Atlantic (FMA) in coordination with the Mt. Olive School District and *FIRST*, the official event schedule for this event needs to be adjusted.

With this revised schedule, there will be no practice matches on Saturday morning, doors will be opening earlier, matches starting soon after and Opening Ceremonies will be abbreviated.

The following schedule is what is now being planned:

Friday – March 11, 2022

- Doors Open – 4PM

Team Actions:

- Get inspected & set up pits
- Connect to the field. You can come out to the field to get connect regardless of inspection status
- Camera Calibration & Field Measurements from 7-8p
 - Connectivity tests can still occur during this time
- If time allows, Field Test matches for fully inspected robots
- Pits Close – 10PM

Teams, please make every effort to arrive today (Friday), get setup, inspected and connected to the field. The Event and Field Staff will be making every effort to make sure all teams that arrive today are connected to the field by the time they leave, that includes staying late if necessary.

Saturday – March 12, 2022

- Doors Open
 - Volunteers: 6:30AM
 - Teams: 7:00 AM
- Drivers Meeting: 7:30 AM
- Opening Ceremonies: 8:00 AM
- Qualification Matches Begin: 8:15 AM

Teams must be out of the building by 11 AM. We will run 2 rounds of matches, so each team will play twice on Saturday morning. We have a buffer built into the schedule to allow for this. If your team is unable to make it on Saturday only, please let us know, so we can make arrangements to ensure your team is accounted for in the match schedule.

Sunday – March 13, 2022

- Doors Open: 7:00 AM
- Qualification Matches Begin: 7:30 AM
- Qualification Matches End: around 2:30 PM
- Alliance Selection: 2:30 PM
- Elimination/Playoff Matches Begin: 3:30 PM
- Awards Ceremony:

Please note, this schedule is our best estimate for timing. If your team is experiencing any delays or has any issues, please let us know ASAP. Please contact us via Ernie DiCicco, Local Event Coordinator, Ali Marinari, Event Manager, or email teamsupport@midatlanticrobotics.org. We ask for everyone's patience and Gracious Professionalism as we work to ensure this event happens.
